Explanatory Note To Special Business To Be Transacted

- The Ordinary Resolution 10 proposed in item 8 above, if passed, is to enable the Directors to issue further shares in the Company and to make or grant securities convertible into ordinary shares, and to issue ordinary shares pursuant to instruments, up to an amount not exceeding 50% of the issued shares in the capital of the Company of which the aggregate number of shares to be issued other than on a *pro-rata* basis to existing shareholders, does not exceed 20% of the Company's issued shares. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company shall be based on the issued shares in the capital of the Company at the time this Resolution is passed, after adjusting for (1) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards that are outstanding or subsisting when this Resolution is passed; and (2) any subsequent consolidation or sub-division of shares. This authority will, unless revoked or varied at a General Meeting, expire at the next Annual General Meeting of the Company.
- The Ordinary Resolution 11 proposed in item 8 above, if passed will renew, effective until the next Annual General Meeting or the date by which the next Annual General Meeting is required by law to be passed, the Share Buy-Back Mandate for the Company to make purchases or acquisition of its shares up to a maximum of 10% of the total number of issued ordinary shares as at the date of the passing of the resolution at the Maximum Price computed in the manner prescribed by the resolution.

The Company will use internal sources to fund purchases or acquisitions of its Shares. The amount of financing required for the Company to purchase or acquire its Shares, and the impact of the Company's financial position cannot be ascertained as at the date of this Notice as these will depend, *inter alia*, on the number of Shares purchased or acquired, whether the purchase or acquisition is made out of capital or profits, and the price at which such Shares were purchased or acquired.

Based on the existing issued and paid-up Shares of the Company as at 28 February 2011, the purchase by the Company of 10% of its issued Shares will result in the purchase or acquisition of 60,521,979 Shares. Assuming that the Company purchases or acquires the 60,521,979 Shares at the Maximum Price of S\$0.32 for one Share (being the price equivalent to 5% above the average of the closing market prices of the Shares for the five Market Days on which the Shares were traded on the SGX-ST immediately preceding 28 February 2011), the maximum amount of funds required for the purchase or acquisition of the 60,521,979 Shares is S\$19,367,033.

The financial effects of the purchase or acquisition of such Shares by the Company pursuant to the proposed Share Buy-Back Mandate based on the audited financial statements of the Company and its subsidiaries for the financial year ended 31 December 2010 and certain other assumptions are set out in paragraph 6 of the Letter to Shareholders dated 24 March 2011.
