1(d)(ii) Details of any changes in the company's share capital arising from rights issue, bonus issue, share buy-backs, exercise of share options or warrants, conversion of other issues of equity securities, issue of shares for cash or as consideration for acquisition or for any other purpose since the end of the previous period reported on. State also the number of shares that may be issued on conversion of all the outstanding convertibles, as well as the number of shares held as treasury shares, if any, against the total number of issued shares excluding treasury shares of the issuer, as at the end of the current financial period reported on and as at the end of the corresponding period of the immediately preceding financial year.

There was no change in the Company's share capital since the end of the previous reported period. There were no shares held as treasury shares and no outstanding convertibles as at 30 September 2017 and 30 September 2016.

1(d)(iii) To show the number of issued shares excluding treasury shares as at the end of the current financial period and as at the end of the immediately preceding year.

The total number of shares excluding treasury shares as at 30 September 2017 and 31 December 2016 was 605,219,785.

1(d)(iv) A statement showing all sales, transfers, disposal, cancellation and/or use of treasury shares as at the end of the current financial period reported on.

Not Applicable.

2. Whether the figures have been audited or reviewed, and in accordance with which auditing standard or practice.

The financial figures have not been audited or reviewed by the Group's auditors.

3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of a matter).

Not Applicable

4. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

The Group has applied the same accounting policies and methods of computation in the preparation of the financial statements for the current reporting period as those in the audited annual financial statements as at 31 December 2016.

5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

- 8. A review of the performance of the group, to the extent necessary for a reasonable understanding of the group's business. It must include a discussion of the following:
 - (a) any significant factors that affected the turnover, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors; and
 - (b) any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

Comparison of 3rd quarter 2017 vs 3rd quarter 2016

In third quarter 2017, the Group's gross written premium rose 24.8% to \$39.560 million due to new business and higher premiums reported by cedants, as well as timing difference in receipt and booking of statement of accounts. Net commission expense increased by 25.8% to \$3.164 million in light of higher premium income and profit commission accrual. Net claims incurred declined by 17% to \$7.093 million attributed to lower advised outstanding losses and IBNR loss reserve provision, benefitting from the relatively mild natural catastrophe season in the markets that the Group is active in. As a consequence, a lower underwriting deficit of \$922,000 was recorded in the quarter under review. Net investment income rose \$337,000 or 11.5% to \$3.272 million mainly due to exchange gain on revaluation of foreign-denominated property investments. Overall, the Group's profit before income tax of \$2.138 million was 12.6% higher than the \$1.898 million recorded in the corresponding quarter a year ago.

Comparison of 9 months 2017 vs 9 months 2016

For the period ended 30 September 2017, the Group's gross written premium rose 5.1% to \$122.846 million attributed to new business and, as well as timing difference in booking of statement of accounts. Net claims incurred fell 19% to \$19.91 million, equivalent to an incurred loss ratio of 55.1% (on net written premium), mainly because of lower advised outstanding losses and IBNR loss reserve provision due to no unduly large market losses affecting the business underwritten. Reinsurance management expenses rose 13% to \$6.169 million due to exchange loss on revaluation of foreign-denominated assets and higher staff costs. A higher underwriting surplus of \$806,000 was achieved, compared to the \$640,000 deficit recorded in the corresponding period a year earlier. Net investment income increased by 11.2% to \$9.050 million mainly due to higher profit on sale of equity investments. Overall, the Group's net profit before income tax rose 25.2% to \$9.805 million, compared to the \$7.83 million net profit before income tax reported in the first nine months last year.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the balance sheet date and the date of this announcement which is likely to affect substantially the results of the operations of the Company and of the Group for the current financial year.

9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10. A commentary at the date of the announcement of the significant trends and competitive conditions of the Industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

Notwithstanding the recent spate of catastrophic hurricanes (namely, Harvey, Irma and Maria) which pounded the US east coast and the Caribbean as well as major earthquakes in Mexico which have resulted in substantial losses to many major reinsurers, preliminary indications suggest that those losses although substantial are not sufficient to stem the excessive growth in global capacities; consequently, highly competitive conditions will continue to prevail in the reinsurance market worldwide. Further, the disruptive impact of climate change appears likely to continue to cause havoc. On the investment front, the outlook of the financial markets appears more promising amid recent signs of economic recovery regionally. However, sustainability remains to be seen.

11. DIVIDEND - If a decision regarding dividend has been made:

(a) Current financial period reported on

Any dividend declared for the current financial period reported on?

No

(b) Corresponding period of the immediately preceding financial year

Any dividend declared?

No

12. If no dividend has been declared (recommended), a statement to that effect.

No dividend has been declared for the current financial period reported on.

13. If the Group has obtained a general mandate from shareholders for IPTs, the aggregate value of such transactions as required under Rule 920(1)(a)(ii). If no IPT mandate has been obtained, a statement to that effect.

The Group did not obtain a general mandate from shareholders for IPTs.

14. Confirmation pursuant to Rule 705(5) of the Listing Manual.

The Board of Directors of the Company hereby confirm that, to the best of their knowledge, nothing has come to the attention of the Board of Directors which may render the unaudited group financial results for third quarter and period ended 30 September 2017 to be false or misleading in any material aspect.

15. Confirmation pursuant to Rule 720(1) of the Listing Manual.

The Company confirms that it has procured undertakings from all Directors and Executive Officers (in the format set out in Appendix 7.7) pursuant to Rule 720(1) of the Listing Manual.
